IN THE MATTER the South East quarter of Section
15, in Township 8, Range 26, West of the 5th
Meridian, Alberta, and the application of Pettet
Robinson for a patent therefor.

I, Edward Peel McNeill of the Town of Macleod, in the Province of
Alberta, Solicitor, do solemnly declare:-

1. THAT I have known Pettet Robinson and Coleman R. Robinson
since the Summer of 1908.
2. THAT some time late in the year 1908 I was informed by them
of their respective interests in the West half of Section 23, the
South East quarter of Section 23, and the North West quarter of
Section 14, all in Township 8, Range 26, West of the 4th Meridian,
Alberta, and was consulted as to whether or not it was necessary
for them to go to the trouble and expense then of transferring
from Coleman R. Robinson to Pettet Robinson title to one half of
said lands in view of Pettet Robinson's desire to reside on said
lands as performance of his homestead residence duties with res-
pect to his entry for the South East quarter of Section 15, Township
8, Range 26, West of the 4th Meridian.
3. It was my opinion then and I so expressed myself to them that
it was not necessary to make such transfer then in view of the fact
that Pettet Robinson's ownership was actual and his residence on
the lands so owned by him also actual and intended to be as it was
afterwards was continuous.
4. I am familiar with the statements contained in the declarations
of Pettet Robinson and Coleman R. Robinson dated respectively 16th
day of December 1911 and I have had in my possession and examined the
original acknowledgment given by Coleman R. Robinson on the 8th day
of November 1908 to his father Charles R. Robinson with respect to
payment by the latter of the sum of \$4700.00 on behalf of the appli-
cant Pettet Robinson.
AND I make this solemn declaration conscientiously believing the same
to be true and knowing it to be of the same force and effect as if
made under oath and by virtue of "The Canada Evidence Act."

Acting Commissioner
of Dominion Lands.

William Park, Esq.,
Highway,
Alberta.

SEP 25 1928

Your obedient servant,

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

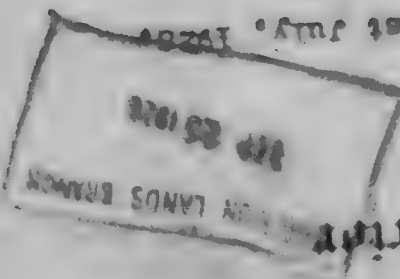

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the pre-emption and surrender of this letter to an Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to take a second homestead entry on the usual homesteading terms.

formation of the embryo. This is followed by
the development of the embryo into a larva.
The larva then develops into a pupa, which
finally emerges as an adult. The adult stage
is the most complex and is characterized by
the presence of all the organs and systems
of the body. The adult stage is also the
most active and is the stage at which the
insect is most likely to be found.

1. The first group of people who are interested in the study of the history of the world are the historians. They are people who study the past and try to understand what happened and why it happened. They use a variety of sources, including books, documents, and artifacts, to reconstruct the past. They also try to understand the people who lived in the past and how they thought and felt. Historians are interested in the history of the world because it helps us to understand the world we live in today.

Dear Sir:

Re: Peter Larson - S.W. 1 30-47-16-4

Mr. Larson made application for homestead entry on August 2nd, 1901 and received patent for this land on October 6th, 1905. Since both dates are prior to the administration of its natural resources being handed over to the Province of Alberta, will you kindly make the required search to see whether there is any evidence of Mr. Larson's age in connection with your filing on this land.

I might explain that Mr. Larson is now an elderly man and wishes to apply for his Old Age Security and must do so, unless he proves his age.

We trust that you will be able to send us something acceptable for the social security Department.

Yours truly,

SL: 20

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

TO THE GOVERNMENT

AS DEPUTY MINISTER OF AGRICULTURE.

The undersigned has the honour to report that in the year 1978 one Arville McIntosh became indebted to the Crown in the joint and equal right of the Province of Alberta and the Dominion by way of advances of federal relief totalling \$51.50 made to him as the security of land liens against the last half of section 27, Township 12, Range 14, West of the 4th Meridian, designated by Official Survey of that land as herein. A payment of \$10.30 has been credited to this account leaving a balance due as on March 31st last of \$41.20. He also became indebted to the Crown in the sole right of the Province by way of an advance of seed-grain on which the balance now due is \$18.75. He died in 1978 and his widow has requested a release from this indebtedness.

The Director of the Debt Adjustment Act of Alberta who investigated this case, and a copy of whose report is attached hereto states that the widow with one small child to support was unable to continue farming and ceded the official committee to the Province who realized through the sale of \$10.00 above referred to; that she has no equity in the land which is heavily encumbered with claims in priority to the Crown liens; that she is in receipt of relief under the Widow's Allowance Act, and that there is no possibility of any further collection.

The Committee appointed on November 2nd last under P.A. 200 to deal with the arrearages and adjustment of indebtedness incurred by way of advances of seed-grain, federal or relief, a copy of whose report is also attached, unanimously recommends that the whole of the account remaining unpaid be written off.

The undersigned, therefore, in view of the recommendation of said Committee, and under and by virtue of the provisions of Section 2, of the Act 17, Chapter 1, recommending that nothing be given to discharge and release the balance due His Majesty in the right of the Dominion, both as to principal and interest, in respect of the federal and

referred to, and to take any action necessary to clear the records of the Land Titles Office in respect of the registration of all liens, bonds or mortgages given as security therefor.

Explanation to Accompany Memo to Council.

In 1922 one Orville McIntosh became indebted to the Crown in the joint and equal right of the Province of Alberta and the Dominion by way of advances of fodder and relief totalling \$251.50 made to him on the security of the E. 1/2 32-10-24-4 supported by chattel mortgages on four head of horses.

He also became indebted to the Crown in the sole right of the Province by way of an advance of seed grain on which the amount now due is \$38.78.

The debtor died in 1925 and his widow has applied for a release from this indebtedness.

The Director of the Debt Adjustment Act, in his report states, that the chattel securities have been sold by the Province realizing the sum of \$80.30 which has been credited to the fodder-relief account leaving a balance due of \$257.48; that the widow is in poor circumstances, has no equity in the land and that there is no prospect of any further collections.

The Committee appointed under P.C. 2200, recommends that the balance due be written off.

It is proposed to approve the recommendation of said Committee.

This Department requires three or if possible four copies of the Order-in-Council.

THE DEBT ADJUSTMENT ACT

Ref. 68. Mc.6.

719 McLeod Building,

January 26th, 1928.

Mr. E.J. Fream,
Chairman, Seed Grain & Relief Adjustment Board,
Edmonton.

Dear Sir:

Re : E. 32-10-24-W.4th,
Orville McIntosh - Deceased.

This party was supplied with the undermentioned advances by the Provincial Department of Agriculture under fifty per cent agreement with the Dominion Government

Relief

| | | |
|------|---------|----------|
| 2092 | 6/2/22 | \$105.80 |
| 1280 | 27/3/22 | 90.00 |
| 7703 | 13/4/22 | 38.55 |
| 7414 | 24/5/22 | 17.15 |

and as security executed land liens against the above property and gave additional security in the shape of chattel mortgages on horses.

The Department of Agriculture was recently requested by Mistress McIntosh, widow of the above party, to release their claim against the estate on the grounds that she found it utterly impossible to make any payment on same and the Department referred the matter to me for investigation.

It seems that Mr. McIntosh passed away in July 1925, leaving a widow and one child of about four or five years of age, and that as Mistress McIntosh was not able to farm the land herself the Department of Agriculture's chattel securities were realized upon and the proceeds, amounting to \$80.30, placed to the credit of relief account, leaving a balance unpaid of \$257.48, as at August 31st, 1927. The Department also has a small claim for balance outstanding of a seed grain advance, which amounts to \$38.78, the total amount against the estate being \$296.26.

I find that the land given as security for these advances stands in the joint name of J.L. Fawcett and Oliver N. Askew, executors of the will of James M. Peters, who was the father of Mistress McIntosh, and I understand that the late Mr. McIntosh purchased from Peter's Estate at a price which, in view of later developments, proved to be exorbitant. This land has been worked during the past few years by a tenant under a lease arrangement and the Landlord's share of the crop has been applied on the original Agreement for Sale, under which there still remains unpaid a sum exceeding \$6,000.00.

The Peters' estate was heavily indebted to the Bank of Montreal at Nobleford, and assigned this Agreement for Sale to that institution, which proceeded to file a caveat on the land on which the seed grain and relief liens were levied, December 1st 1919. The Landlord's share of the crop each year has been turned over for application to the Bank's claim.

I find that Mistress McIntosh has derived no benefits whatsoever from this property since her husband's demise. She is having a struggle to make a living and bring up her young son, since she has no income other than her own efforts as domestic worker and an allowance under the Widows' Pension Scheme, granted her by the Department of the Attorney General of the Province.

It would appear, therefore, that Mistress McIntosh has no real equity in this land, and their chattel securities having been realized upon, the Department of Agriculture has no security of any value; further, it seems highly improbable that Mistress McIntosh will ever be able to meet the claim for seed grain and relief in any other way and, in view of these facts and the circumstances outlined above, I would recommend that the Department's account be written off in its entirety and their land securities released.

I am,

Yours very truly,

'sgd' Z. McIlmoyle.

Director.

Edmonton, Alberta. March 20, 1928.

Re : Estate of Orville McIntosh, deceased.
E. 32/10/24/4.

At a meeting of the Board appointed under Order P.C. 2220, held at Calgary on March 9, 1928, at which all members were present, it was unanimously agreed to recommend that the balance of the liens registered against the above land, in the name of Orville McIntosh, be discharged, in accordance with the terms of the report dated January 26th, 1928, made to the Board by the Director of the Debt Adjustment Act, a copy of which is attached hereto.

In support of this Recommendation, the Board states, as this debtor died during the year 1925, leaving a widow and one small child, and that the chattel securities held were turned over to the Provincial Department of Agriculture, and the proceeds thereof applied on the outstanding relief advances, also that the widow is unable to farm the land and is now in support of relief under the Widows' Allowance Act, and the land is heavily encumbered with claims having priority to these referred to herein, as shown by the attached report, that this claim is valueless and cannot be collected.

The Board, therefore, recommends that the whole of this amount remaining unpaid be written off and that the liens now registered against the said lands be discharged.

DOMINION MEMBER.

To:-
The Honourable Charles Stewart,
Minister of the Interior,
OTTAWA.

May 16th, 1928.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report that in the year 1922 one Orville McIntosh became indebted to the Crown in the joint and equal right of the Province of Alberta and the Dominion by way of advances of fodder and relief totalling \$251.50 made to him on the security of land liens against the East Half of Section 32, Township 10, Range 24, West of the 4th Meridian, supported by chattel mortgages on four head of horses. A payment of \$80.30 has been credited to this account leaving a balance due as on August 31st last of \$257.48. He also became indebted to the Crown in the sole right of the Province by way of an advance of seed-grain on which the balance now due is \$38.78. He died in 1925 and his widow has requested a release from this indebtedness.

The Director of the Debt Adjustment Act of Alberta who investigated this case, and a copy of whose report is attached hereto states that the widow with one small child to support was unable to continue farming and ceded the chattel securities to the Province who realized thereon the sum of \$80.30 above referred to; that she has no equity in the land which is heavily encumbered with claims in priority to the Crown liens; that she is in receipt of relief under the Widow's Allowance Act, and that there is no possibility of any further collections.

The Committee appointed on November 22nd last under P.C. 2200 to deal with the apportionment and adjustment of indebtedness incurred by way of advances of seed-grain, fodder or relief, a copy of whose report is also attached, unanimously recommends that the whole of the amount remaining unpaid be written off.

The undersigned, therefore, in view of the recommendation of said Committee, and under and by virtue of the provisions of Section 1, of the Act 17, George V., Chapter 51, recommends that authority be given to discharge and release the balance due His Majesty in the right of the Dominion, both as to principal and interest, in respect of the fodder and

relief advances to the said Orville McIntosh, hereinbefore referred to, and to take any action necessary to clear the records of the Land Titles Office in respect of the registration of all liens, bonds or mortgages given as security therefor.

Respectfully submitted,

Minister of the Interior.

Department of the Interior,

Ottawa, December 11th, 1905.

Memorandum:

With reference to Mr. Goodeve's memorandum of the 16th September last, I beg to say that the Agent of Dominion Lands at Edmonton was advised in accordance with the decision of the Deputy Commissioner of Dominion Lands that the Department was disposed to permit Mr. John C. Haddock to purchase the **balance** of the fractional N.E. 1/4 of Section 8, (15.1 acres) Township 17, Range 4, West Fifth Meridian, after adding 6.2 acres to his homestead, the fractional N.E. 1/4 of the same section, containing an area of 187.3 acres, provided he made payment for the land in cash, as it was thought possible that the waters of the lake might have created a Homestead Inspector's report should first be obtained.

The Agent subsequently reported on the 13rd October last that he had been instructed by the Minister that Mr. Haddock might be allowed to purchase the whole of the fractional parcel in question at the current rate; and he (the Agent) was thereupon informed that, in view of this decision, it would not be necessary to obtain an Inspector's report. He was also asked to advise the Department whether it had been brought to the Minister's attention that Mr. Haddock desired to have 6.20 acres of this area added to his homestead in order to bring the latter up to the full theoretical area of 160 acres, in which case Mr. Haddock would have to pay for only 21.90 acres instead of 28.1 acres.

The Agent now reports that Mr. Haddock has paid in his office the purchase money for 21.90 acres and asks to be instructed whether the 6.20 acres may now be added to his homestead.

The lands affected are shown red on the sketch herewith.
There

J. W. Greenway, Esq.,

Commissioner of Dominion Lands.

There would appear to be no objection to adding the 6.2 acres to Mr. Haldock's homestead to bring it up to the full theoretical area of 160 acres. But under the practice of the Department the purchase would be subject to his earning title to his homestead, no patent to be issued in the meantime for the purchased area.

And I think the concept of "content" is very important. It's not just about knowing facts, it's about understanding the world around us and being able to apply that knowledge in real life. The Canada Evidence Act is a good example of this. It's a law that helps us understand how the legal system works and how we can use it to our advantage. It's a tool that we can use to protect our rights and to make sure that we are treated fairly. And that's what I think is the most important part of the Canada Evidence Act. It's not just about the law, it's about the people who use it. It's about the people who are trying to make sense of the world around them and who are trying to make sure that they are doing the right thing. Dear Sir,

I came to Canada from Scotland three years ago along with wife and family and shortly afterwards settled in township 58 2 4 of 5th Mer. Some sons taking up homesteads around me. At that time we took up our abode on the fractional quarter N W of 5. 2 N of 5. which I made application to purchase.

This quarter lies alongside my own, the S N 1/2 of 8 58 2. We fixed up and dwell in the house which had been built on this fractional quarter by the previous homesteader who had left the country. I understood at that time that I could buy this fractional quarter consisting of 60 acres, which had the advantage of a lake front for watering stock.

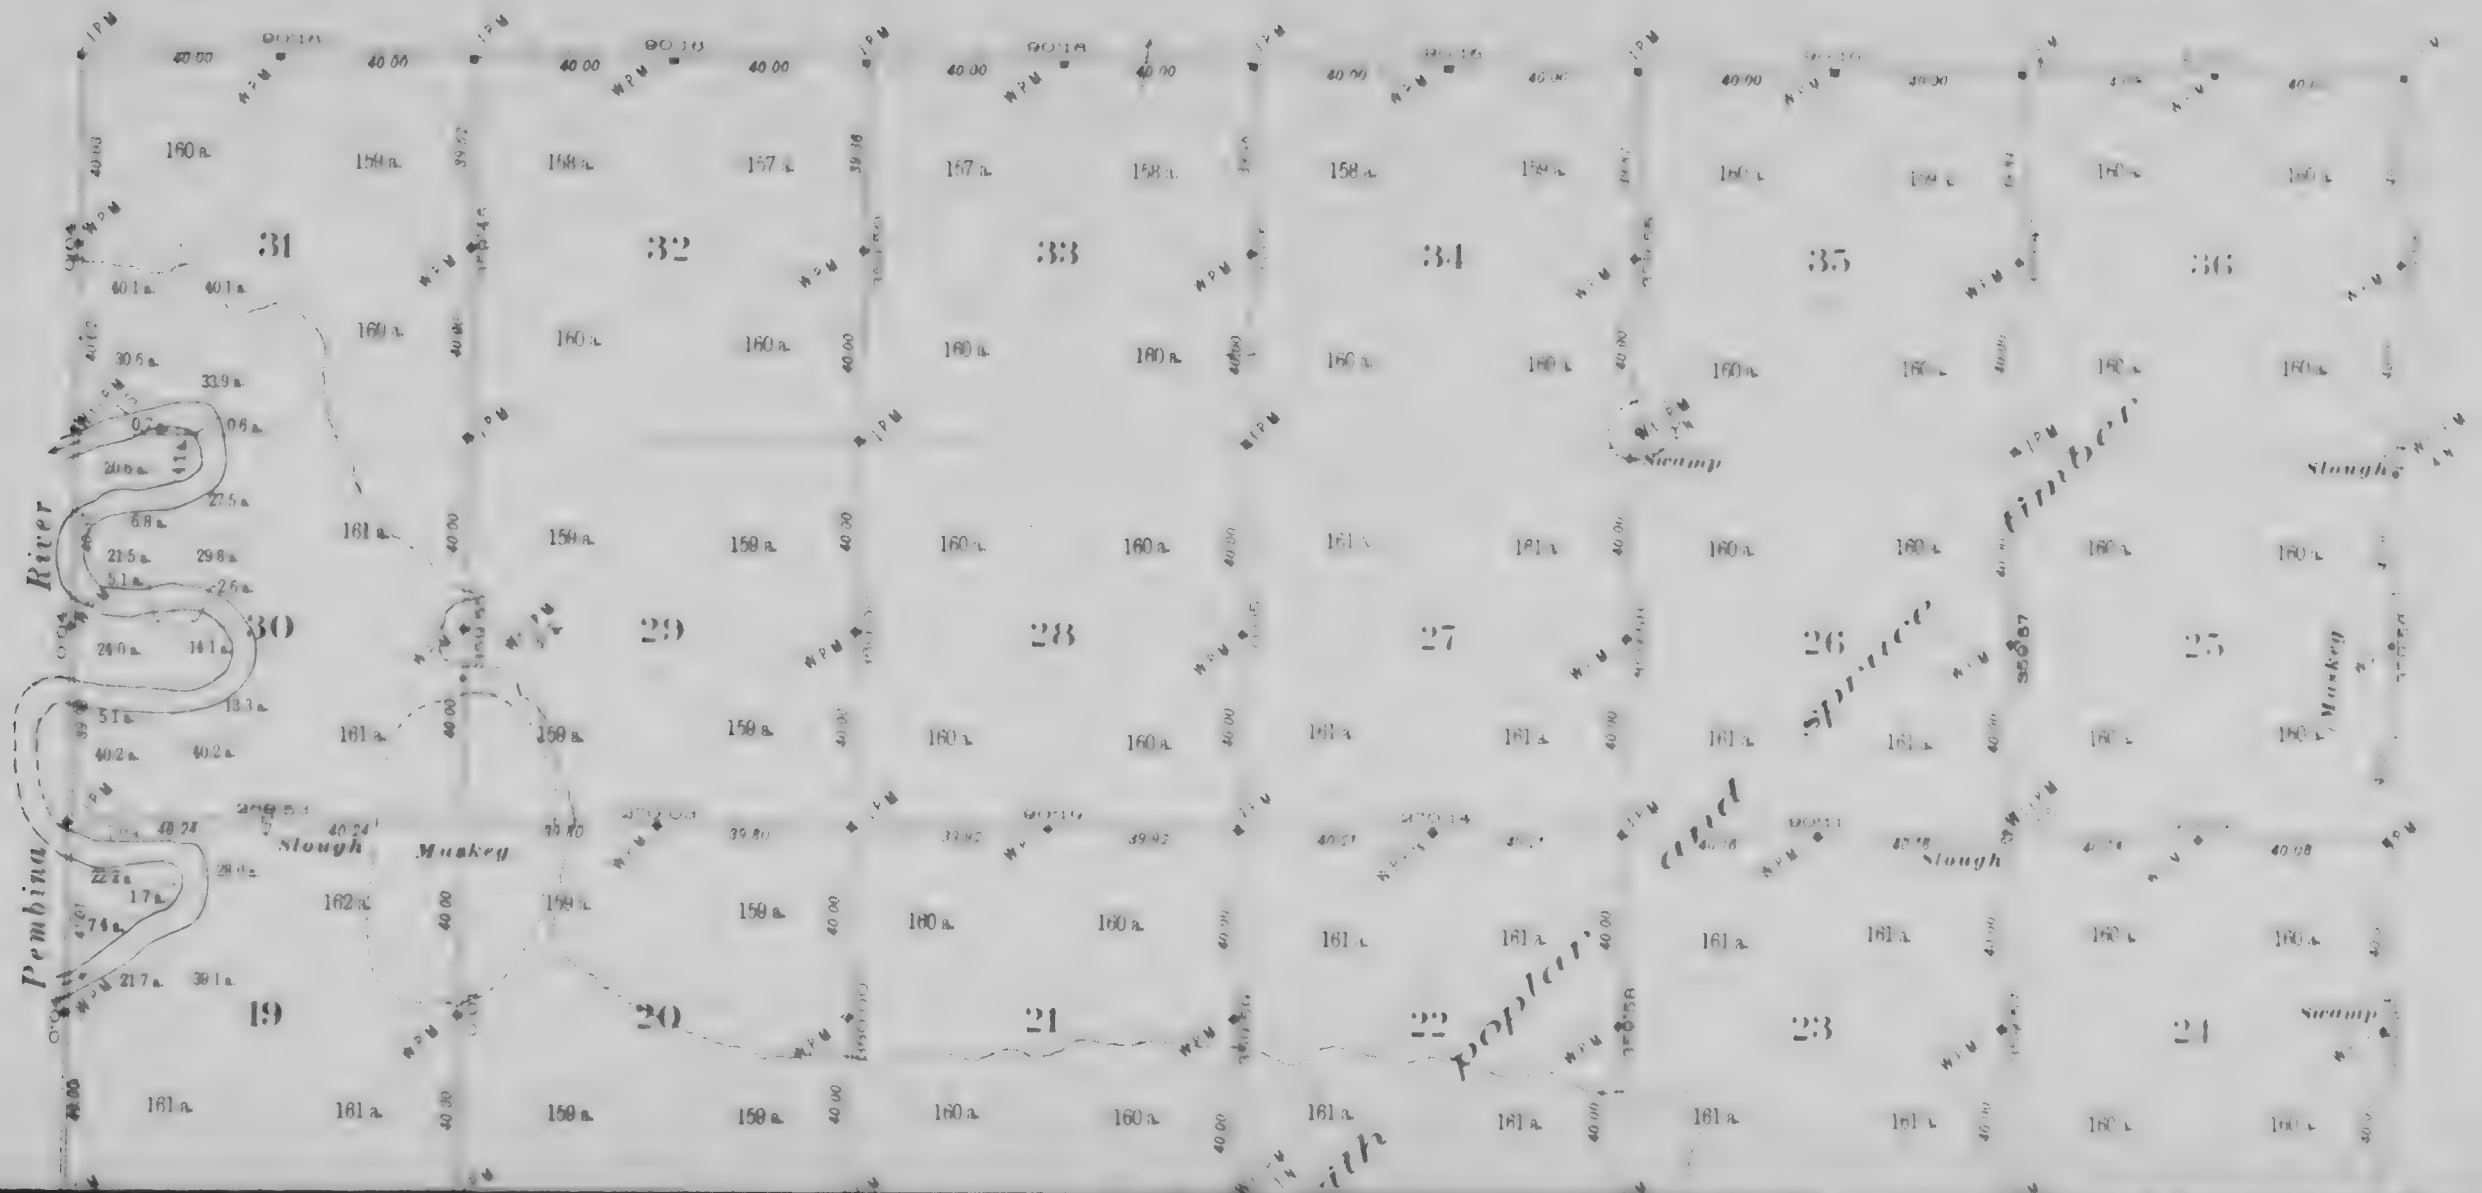

In last visiting the Land Office the Sale of all fractional quarters had meanwhile

H. C. Dyer, Esq., M.P.,

Application of Edward Simpson
to purchase that portion of
S. 1/4 of Section 1, Town 1
N. 1/4, Range 1, West of the 100th
Meridian, lying east of the
centerline of the road known as the
Simpson Road.

I have the honor to acknowledge the receipt of your letter of the 14th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

The Surveyor General states that
lot No. 1 of the above parcel in question was
surveyed last season, and he reports that the same
was fairly well drained and the greatest depth of
water was 6 feet. No natural inlet or outlet was
found, but an outlet seemed possible and had been
attempted at the south end of the lot. The lot was
classified as a permanent body of water and will
be so rated. It would appear unlikely to become
any other practically drained.

That portion of the lot S. 1/4 of
Section 1, lying north of the road, was patented in
July, 1898, having been sold at the rate of \$10.00
per acre to the holder of the S. 1/4 of Section
1 adjoining.

The Homestead Inspector in his report
hereon, states:-

"In connection with the application
of Edward Simpson to be allowed to purchase frac-
tion S. 1/4 of Section 1, T. 1 N. 1/4, R. 1 W. of the 100th Meridian, lying
east of the road and containing 1 acre. I would
recommend he be allowed to purchase this at
\$10.00 per acre. Character of fraction is low and
flat and some years is entirely covered with water,
but as they have a ditch which keeps the same
at a certain level, it makes it better, it is
covered mostly with willow scrub."

If a sale is authorized it will require
the subject to the applicant filing evidence of owner-
ship of his homestead.

Sir,

I wish to draw your attention to the fact that the quarter was originally a homestead quarter, and the other three quarters in the section were homesteaded. This quarter was reserved as a watering place. It is now classified in the Land Office Calgary as School land. Will you please advise me if this quarter can be gotten as a free Soldier's Homestead. If so I would like the first right to file on it. I have been a Lieutenant for over two years with the 1st C.M.R. Battalion in France. My original homestead is in this locality also.

Any assistance you give me to secure this land as a Soldier's free homestead will be greatly appreciated.

Memorandum:

Mr. Collins,

Re P.W. 1 of 72-20-25-W.4th M.

It appears, in accordance with the evidence on file, that some years ago the above quarter section was included in a stock watering reserve from which it was eventually withdrawn and on account of the conflicting applications for homestead and pre-emption entry, the Honorable Mr. Oliver, then the Minister of the Interior, decided, presumably in order to overcome the difficulty, that the quarter section should be transferred to the School Lands Endowment Fund in lieu of lands which were relinquished for other purposes.

The quarter section was, therefore, placed on the waiting list but up to the present time in so far as any evidence on file shows, it has never actually been gazetted as School lands.

An application was received in 1915 for a grazing permit and Mr. Cote approved of the suggestion that we deal with the land as if it were actually School lands and issue a grazing permit and the land is still held under grazing permit by Mr. Dickenson which permit does not expire until the 1st April, 1920.

A letter has now been received from Alex. Leiper who states he is a returned soldier and desires to be informed as to whether he can secure the land for the purpose of settlement.

In connection with this case I would like to refer you to your memorandum of the 23rd of May last to the Commissioner and to the Commissioner's ruling that he thought the land should be held for transfer to the Soldier Settlement Board.

This recommendation was concurred in by the late Mr. Cote.

An application is on file hereunder from
Mr. Alex. Leiper to purchase the North West 1/4 of
Section 36, Township 20, Range 3, West of the 4th
Meridian, presumably under the Returned Soldier
Settlement Scheme.

This land was never definitely set aside
as school land, although it was placed
on the waiting list some time ago and, therefore, at
the present time does not belong to the School Lands
Department. Although we have issued a school lands
permit thereon, which, of course, is subject
to cancellation at any time.

Shall we, therefore, relinquish this land?
or shall we allow it to be taken over by the soldier
settlement board or shall we still hold it for select-
ion by the School Lands Department when occasion arises?

W. W. Cory, Esq., C. M. G.,

Deputy Minister of the Interior,

Ottawa.

Mr. Cory

These quarter sections
is undoubtedly extremely
valuable and could only
be dealt with under the
Returned Soldier Settlement
Scheme. 1918
it is not a regular
school land permit
would probably be decided
to have it made available
under the above of
for either scheme

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 10th September, 1922.

The Committee of the Privy Council have had before them a Report, dated 20th August, 1922, from the Minister of the Interior, representing that under the provisions of section 6 of the Soldier Settlement Act, Chapter 123 of the Revised Statutes of Canada, 1927, the Minister of the Interior was empowered, at the request of the Soldier Settlement Board of Canada, to reserve, or, with the approval of the Governor in Council, to transfer to the said Board, any Dominion Lands under his administration;

That by Order in Council of the 30th October, 1918, P.C. 2659, further provision was made in the case of particularly valuable Dominion Lands becoming available for the purpose, that such lands be set apart for soldier settlement, to remain specially reserved for disposition later, as may be deemed proper with the approval of the Governor in Council;

That in pursuance of the foregoing, certain parcels of land, described in the annexed schedule, have from time to time been placed under the administration of the said Board, and have been disposed of under regulations framed by the Board and approved by the Order in Council of the 12th March, 1920, P.C. 243; and

That application has now been made for the issue of title thereto in the name of the Board;

The Minister, therefore, recommends that title to the lands described in the schedule attached hereto, comprising an area of 26,550.83 acres, be transferred to the Soldier Settlement Board of Canada in the right of the Dominion, subject to the usual reservations with regard to mines, minerals, water rights and springs.

The Committee concur in the foregoing recommendation and submit the same for approval.

If there appeared to be no reason to the contrary, homestead entry might be granted for either one of these two parcels, but in such an event, an entrant would exhaust his homestead right, and the deficiency in area could not be made up to him. (File 15597 A).

Your file 72661-2

In reply to your letter of February 15th, I may say that this Department has no record of the above named on that land.

We have record of one Jacob Kuzik who obtained patent for the S.E. 1/4 22-58-20 W 4M, on October 29th, 1910. This is possibly the same man.

In support of his application for patent he furnished a sworn statement dated June 23rd, 1910, in which he gave his age as 36 years.

His certificate of naturalization was issued to him on April 22nd, 1910.

Dear Sir:-

Re: Birth of Paslyna & Jacob Kuzik.

This will acknowledge receipt of your letter of the 26th of December, 1946, and in reply I may inform you that, in his application for homestead entry, dated the 5th of November, 1906, Jacob Kuzik listed the members of his family as a male adult, age 26 years, and a female adult, age 24 years, and two children under twelve. He did not at any time divulge the name of his wife.

At the time he made application for patent for the S.E. 1/4 of 22-56-20 4.4th Meridian, he furnished a sworn statement, dated the 23rd of June, 1910, in which he gave his age as 36 years.

Re: **Homestead.**

I have the honor to acknowledge the receipt of your letter of the 20th inst. in relation to the above described land, and in reply to inform you that the same has been referred to the proper authorities for consideration. The result of their action will be communicated to you as soon as it is known.

I am sorry to hear that you are unable to settle on the land. It is the policy of the Government to encourage settlement on the prairie, and it is regrettable that you are unable to do so. If you are able to settle on the land, you will be entitled to a homestead. If you are unable to settle on the land, you will not be entitled to a homestead.

Copy of the Commission

OTTAWA - MAY 1931

Memorandum:

Request for Title under Order in Council of the 4th June, 1931, where duties completed by soldier settler.

Re: William Squires,
S.W. 1 20-43-9 W. 4th T. (Hd.)

The above-described land is the unpatented homestead of this settler.

Subsequent to the initial loan approved in his favour on the 14th May, 1919, the settler secured advances from the Board totalling \$3,800.00, as follows: land, \$2,700.00; stock and equipment, \$120.00; permanent improvements, \$40.00; special advances, \$330.00. As security the Board holds a charge on the settler's homestead. The only other land security held by the Board in this case is title to the N.W. 1 17-43-9 W. 4th, which the settler is purchasing from the Board under agreement for sale.

The Board is informed that the settler has completed the duties in connection with his homestead, and would be entitled to receive patent but for the Board's charge. This is confirmed by the letter from the Commissioner of Dominion Lands to the settler, dated the 29th March, 1931.

The regulations approved by the Governor in Council on the 4th June, 1931, P.C. 1381, enable the Minister, on completion of duties by the settler and on the request of the Board to vest the settler's right, title and interest in the unpatented Dominion land held by him in the Board, title remaining in the Board until the settler's indebtedness has been repaid. Such transfer of title also enables the settler to negotiate a sale of the land with the view to repaying the loan he has obtained from the Board.

The settler has requested that title to the land be issued to the Board. There is nothing on file to show that he contemplates discontinuing his farming enterprise. However, the settler desires to have title issued as aforesaid in order that it may be held by the Board as security for the advances granted, and in order to be in a position to negotiate a sale should he decide to do so at a future date.

Under the provisions of the regulations referred to, the Board hereby requests that the right, title and interest of this settler in the S.W. 1 20-43-9 W. 4th T. be vested in the Soldier Settlement Board.

The Board has an effective charge on the land under the recent amendment to Section 26 of the Soldier Settlement Act, as \$721.77 of the advances referred to in the second paragraph hereof were made to the settler subsequent to the date of entry for his homestead.

Ref. - 49468.

OTTAWA, 6th August, 1922.

Sir,-

1 S.W. Sec. 16 Tp. 32 Rge. 24 West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1922, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Ernest R. Bondurant, Esq.,

DOMINION LANDS ADMINISTRATION

Copy to A.D.L., Calgary.
Ref. - 49468.

OTTAWA, 6 1st August, 1928.

Sir,-

Q.M. Sec. 15 Tp. 32 Rge. 24 West 4 Mer

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1928, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Ernest H. Bondurant, Esq.,
Whiteclaw,
Alberta.
